

**INTERNATIONAL
WORKSHOP
AND
SCIENTIFIC
MEETING**

***“SPIROCHAETES
& BRUCELLAS
HABANA 2018”***

First Announcement

On behalf of the Tropical
Medicine Institute “Pedro
Kourí” (IPK), Havana, Cuba,
it is an honour and a pleasure
for us to invite you to the
International Workshop and
Scientific Meeting

***“SPIROCHAETES &
BRUCELLAS Havana 2018”***

to be held in this City, on
May 2018

Havana, as a Cultural Patrimony of Humanity, is a traditional open city with recognised cultural prestige that will provide the setting for our meeting. The Cuban Ministry of Public Health, the Tropical Medicine Institute “Pedro Kourí”, and several leaders in the leptospirosis, syphilis, borreliosis and brucellosis field will support this event to give a “Latin flavour” to a world-wide vision

We would like to encourage your participation that will enrich the exchange of knowledge and experience in controlling leptospirosis, syphilis, borreliosis and brucellosis infection

We hope you will accept our invitation.

Welcome to Cuba!!!

Organizing Committee
